Welcome Aboard!

We are excited that you have chosen to volunteer with the Lake Hopatcong Foundation! The Foundation dedicates itself to protecting the lake environment, and enhancing the lake experience, bringing together public and private resource to encourage a culture of sustainability and stewardship on and around New Jersey’s largest lake, for this and future generations. While the Foundation has a dedicated and amazing staff, we would not be able to accomplish all that we do without the dedicated support of volunteers just like you.

Volunteers are a vital part of achieving our mission of protecting the lake environment and enhancing the lake experience, and integral to all parts of our operations, from our floating classroom to invasive species monitoring, to fundraising and outreach events.

We hope you find your volunteer experience with us to be rewarding and positive. This Volunteer Handbook will cover opportunities, policies, procedures, and our mutual responsibilities. Our goal is to provide all the tools and information you might need to best represent the Foundation and understand our values.

On behalf of the everyone here at the Lake Hopatcong Foundation, thank you for volunteering and helping us to foster a vibrant and healthy Lake Hopatcong and surrounding community! I look forward to seeing you out and around the Lake!

Sincerely,

Kyle Richter

“Since joining the foundation in 2013 I have been blessed to meet many new people, mostly dedicated volunteers, who share my passion for protecting and caring for Lake Hopatcong and fostering a shared spirit of giving back to our lake and community. I’ve watched so many of our volunteers get to know one another better and forge new friendships. Isn’t that what community building is all about? Getting to know and care about more people in our community. Our volunteers are the heart and soul of our organization and we are so thankful for all you do.”

Volunteer Opportunities

Water Scouts
Water Scouts help prevent the spread of invasive species on Lake Hopatcong by paddling the shoreline in specific areas assigned to them at least once during the early summer season and removing and reporting back on invasive aquatic species, particularly the water chestnut plant.

Educational School Field Trips
The Foundation provides full-day field trips for fourth and fifth graders each spring at Hopatcong State Park. Students spend the day learning about watersheds and lake ecology through stations that include river sampling, an EnviroScape watershed model, a nature hike, and a trip on our Floating Classroom. These field trips run on weekdays from morning through early afternoon, and opportunities include teaching at one of the four stations, or helping to guide groups of students from station to station around the park (no teaching experience needed!).

Floating Classroom
The Lake Hopatcong Foundation Floating Classroom conducts a series of public learning cruises in July and August. Teachers, assistants, and deck hands are needed to assist guests and guide them through hands-on activities.

LHF Environmental & Cultural Center Programs
The Foundation regularly hosts programming at the Environmental & Cultural Center. Volunteers are needed to check in guests, set up and break down the room, and other tasks as needed.

HAB Reporting
Volunteers are needed to report Harmful Algal Blooms (HABs) by submitting information and pictures through the NJDEP website, using a meter to take phycocyanin measurements, collecting water samples, and completing sampling surveys. Training is provided. Volunteers will pick up and return equipment to the Foundation office.

Outdoor Work, Landscaping, Gardening
Volunteers are needed for assistance with seasonal clean-ups, plantings, weeding, general maintenance and monitoring of plant growth on the LHF grounds and gardens and various other locations within the watershed in which we are engaged.
**Trail Maintenance**
Trail maintainers make sure the Lake Hopatcong Trail remains clear and accessible. Activities include pruning, clearing, and making sure the trail is clearly marked. Maintainers also notify the Foundation of any issues on their trail segment, such as downed trees or other obstructions. Trail volunteers receive a trail maintenance guide and complete trail maintenance forms twice a year (spring and fall recommended). A training session can be arranged for volunteers without trail maintenance experience.

**Lake Hopatcong Block Party**
The Lake Hopatcong Block Party celebrates all facets of Lake Hopatcong life by bringing visitors together with businesses, non-profit organizations, community groups, crafters, and food vendors for a community day like no other - featuring demonstrations, raffles, giveaways, a children’s scavenger hunt and more. The event takes place at Hopatcong State Park and requires close to one hundred volunteers to make the day run smoothly.

**LHF Gala**
The Foundation’s annual gala is a social gathering and important fundraiser, traditionally held at the Lake Hopatcong Yacht Club in July. A committee of volunteers is needed to collect prizes, solicit sponsorships and help ensure a great experience for guests.

**Lake Loop**
The Foundation’s annual Lake Loop challenge offers participants opportunities to bike, run, and paddle in support of New Jersey’s largest lake. Volunteers are needed to set up and break down the event, register and check in participants, guide runners on the 5K trail, help paddlers launch from the beach, cover rest stops along the bike routes, and lots more.

**Administrative**
Occasionally, volunteers are needed to assist with stuffing envelopes, assembling programs, or other administrative tasks. These opportunities frequently take place at our offices.
