

Lake Hopatcong Trail

The Lake Hopatcong Trail highlights the natural beauty of the Lake Hopatcong region. It is a cooperative effort between the Lake Hopatcong Foundation and state and local governments and groups. The first phase of the trail begins on the Morris Canal Towpath across from Hopatcong State Park in Landing. It winds through Hopatcong Borough, providing scenic overlooks, as well as access to Lake Hopatcong near Roland-May Eves Inlet Sanctuary, before ending at the Prospect Point Preserve in Jefferson Township.

The Lake Hopatcong Trail includes some new trails, portions of established trails and some roadways. Several miles of the Lake Hopatcong Trail align with the Highlands Trail, which runs for 182 miles, connecting the Delaware River to the Hudson River and is maintained by the New York-New Jersey Trail Conference. Sections that are aligned bear both trails' blazes. The Lake Hopatcong Trail blaze is white with blue printing.

Volunteers are needed to maintain this local trail. If you would like to adopt a section of the trail to maintain, please contact the Lake Hopatcong Foundation at (973) 663-2500 or info@LakeHopatcongFoundation.org.
