FOR IMMEDIATE RELEASE

Lake Hopatcong Foundation offers online native plant sale

Landing, N.J. (May 15, 2020) – The Lake Hopatcong Foundation will hold their annual native plant sale online this year with curbside pickup for safe practices during COVID-19.

A selection of more than 40 varieties of plants, all native to New Jersey, will be available at Ihfplants.givesmart.com from 8 a.m., May 15 through 6 p.m., May 21. Pickup will take place at scheduled times on Saturday, May 23 at the Lake Hopatcong Foundation Environmental & Cultural Center, 125 Landing Road, Landing.

Native plants require fewer resources, less maintenance and cost less money while also promoting a healthy ecosystem.

“By choosing native plants in your yard, you are not only helping wildlife, you are creating a healthier place for yourself, your family, and your community,” said Lake Hopatcong Foundation Communications Director Holly Odgers “You are also making choices that are beneficial to the health of Lake Hopatcong, its watershed, and even the planet!”

The Lake Hopatcong Foundation is a registered 501(c)(3) nonprofit dedicated to protecting the lake environment and enhancing the lake experience by bringing together public and private resources to encourage a culture of sustainability and stewardship on and around New Jersey’s largest lake, for this and future generations.
